

FIRST MORTGAGE LOANS

SIX PER CENT.

We have first mortgage loans for sale in amounts from \$500.00 to \$10,000.00 secured by real estate worth from two to three times the amount of the loan.

These mortgages are exempt from state, county and city taxes, and the collection of the interest is taken care of without expense to the holders.

If you have smaller amounts than \$500.00 to invest, call and learn our new plan for such investments.

The speed limit in the village of Sutherland is twelve miles an hour and over crossings six miles. The marshal serves notice that those exceeding this speed will be arrested. North Platte people who are accustomed to driving at a twenty-five mile per hour on North Platte streets will do well to observe the speed regulations at Sutherland.

By the afternoon of June 21st approximately 395,000 railroad employees of the Central-Western region of which the Union Pacific is one, will have signed a pledge to go seven days, if possible, without an accident. The week beginning June 22d will be "no accident week," and during that week an attempt will be made to go through the week without an accident on the 52,000 miles of railroad in the Central-Western Region.

Wahoo, Neb., a town of about 2500 inhabitants will spend three hundred thousand dollars for paving this year, while Madison, another Nebraska town of similar size has let the contract for nineteen blocks of paving. Other towns which will do a bit of paving this year are Kearney, Grand Island and Clay Center. It seems rather difficult for the people of North Platte to catch the paving spirit, although our people are just as able financially to have the work done as are the people of the towns mentioned. To the outsider it looks as though somebody had tied a can on North Platte's progress along the paving line.

Certain North Platte residents threaten to sue the Suburban Irrigation ditch district claiming damages for causing the flood water in the western part of the city last week. If we are correctly informed, the Suburban ditch decreased, rather than increased, the flood water, for it carried off a full head which otherwise would have entered the city. The Suburban ditch has not so far this season been in operation—that is, water has not yet been turned in at the head gate and therefore at the time of the recent heavy rain was a dry ditch and in proper shape to carry off a big portion of the water that came down from the section west. The claim that water had been turned in at the headgate and that this flow together with the flood water caused the ditch to overflow is incorrect. If the ditch overflowed it was because it could not take care of the flood water.

Earlier Morning Trains
Under the new time card which goes into effect next Sunday No. 19 will no longer be run in two sections from Omaha to North Platte but will be run as two separate trains. No. 13 will arrive at 7:45 in the morning and No. 19 an hour later. The branch train will leave at 7:55. This change will give North Platte earlier mail service from the east.

Julesburg Wallops North Platte
Six members of the North Platte ball team were stricken with fright-its in the game at Julesburg Sunday afternoon and as a result Julesburg was winner by a score of nine to nothing. It was the first game North Platte had played this season and this with the big attendance made this "bushy" to such an extent that a number of inexcusable and costly errors were made. Julesburg has a good team, two or three ex-Western Leaguers being among their players. Julesburg will play a return game in this city next Sunday afternoon.

Lierk-Sandall Co. Sells Out.
The Lierk-Sandall Co., one of North Platte's leading grocery firms, has sold its stock to H. C. Anderson, the purchaser taking possession yesterday morning. Mr. Anderson comes from Callaway, where he has resided since childhood, and where his father has long been engaged in business. Mr. Anderson is a grocer of experience and well qualified to manage the heavily patronized business he has acquired and to keep the stock up to the standard maintained by his predecessors. He impresses one with his evidence of energy and geniality and will prove a welcome acquisition to the North Platte business circles.

Both the retiring men who have so successfully conducted the business in the past will take a rest before casting around for their avocations.

It is Now Peony Time
To lovers of flowers a trip out to the state farm is worth while; for this is peony time in western Nebraska and Supt. Snyder has a large garden of them. These flowers are particularly large, and the white and pink blooms are remarkably perfect. Peonies are a flower that more North Platte people should grow. Given an eastern exposure they are easily grown and certainly no plant is more showy. In driving around town The Tribune man, who is somewhat of a "nut" on the subject, cannot help but notice the growth of flower gardening during the past five or six years. Today there are fifty beds or porch boxes to where there was one ten years ago. And what is more beautiful than flowers, or gives the growers more pleasure?

His Consideration.
"Now, gents," with elaborate sarcasm said the proprietor of the Right Place store in Petunia, addressing the prominent and influential loafers that infested his emporium. "I have placed a batch of comfortable pine boxes around on the shady side of the store, where you can set and spit and whittle and cuss the government and argue about nothing from morning till night, and not be disturbed by customers trying to edge around you to buy something or talk over a little private business with me without having your snouts stuck into it."—Kansas City Star.

Notice of Special Election.
Notice is hereby given, that by virtue of an order of the County Board, duly made and entered on the 16th day of June, 1919, and by virtue of the Statutes of the State of Nebraska, in such cases, made and provided, I, A. S. ALLEN, County Clerk of the County of Lincoln and State of Nebraska, do hereby direct and proclaim that a special election be held, in the several polling places throughout the County of Lincoln, State of Nebraska, on Tuesday, the 22nd day of July, 1919, between the hours of 8 a. m. and 8 p. m. of said day, at which said election, the following proposition shall be submitted to the legal voters of said county, to-wit:

Shall the County Commissioners of said county levy a special annual tax of five mills on the dollar valuation of the taxable property in said county for a term of five years, to-wit, the years 1919, 1920, 1921, 1922 and 1923, for the purpose of building a new court house in said county?

The ballots used at said election shall have printed thereon the words: "For directing the County Commissioners of Lincoln County, Nebraska, to levy a special tax of five mills on the dollar valuation of the taxable property in said county, for a term of five years, to-wit, the years 1919, 1920, 1921, 1922 and 1923 for the purpose of building a new court house in said County."

"Against directing the County Commissioners of Lincoln County, Nebraska, to levy a special tax of five mills on the dollar valuation of the taxable property in said county, for a term of five years to-wit, the years 1919, 1920, 1921, 1922 and 1923, for the purpose of building a new court house in said County."

Those voting in favor of said proposition shall mark their ballots with a cross (X) in the square opposite the paragraph beginning—

"For directing the County Commissioners of Lincoln County to levy a special tax," etc.

Those voting against said proposition shall mark their ballots with a cross (X) in the square opposite the paragraph beginning—

"Against directing the County Commissioners of Lincoln County to levy a special tax," etc.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of Lincoln County, Nebraska, this 16th day of June, 1919.

(SEAL) A. S. ALLEN, County Clerk.

SKIN DISEASES

Health Talk No. 9 by

DRS. STATES

THE CHIROPRACTORS

The treatment of skin diseases with salves and lotions is truly a surface treatment. It does not get at the cause.

In every case of skin disease the body is trying to get rid of impurities that should have been discharged through the kidneys or bowels—in other words these organs are not acting with normal health and vigor.

In thousands of such cases treated by chiropractors the cause has been found due to spinal nerve pressure which weakened kidney action. Spinal adjustments removing the pressure, restored the normal healthful vigor and the clearing up of the skin naturally followed.

FREE—Call for a free consultation. It is the best way to know for yourself what this wonderful method can do in restoring health.

Eczema Disappears
and in Two Years
Has Not Returned

"I suffered with eczema from childhood, sometimes on my legs and feet, but mostly on my hands. At times they were so sore that when the bandages were taken off, the flesh would come off with them.

"When I first visited a chiropractor my hands were in bandages. I took seventeen adjustments, and am entirely well. In two years I have never been bothered."
